The first step in the creative law is having a desire, a dream, a goal or a worthy destination. Having a written plan of one's desires, expands that desire. Mentally image that plan as complete, constantly affirming perfect fulfillment. Desire is constructive, intense and powerful. Have one big goal at a time.

Big goals include smaller goals. Write the desire down. "I DESIRE THE HIGHEST AND BEST IN LIFE AND I NOW DRAW THE HIGHEST AND BEST TO ME". Prosperity is planned. Write an honest letter to I AM about your desires. Daily "I FULLY AND FREELY FORGIVE MYSELF AND LOOSE MYSELF TO MY GOOD." PEACE I AM STILL Rev David

SPIRITUAL UNDERSTANDING is through the feminine realm of the soul. Each person has a male and female realm. Each realm has the characteristics as the male and female have. Creation is a female aspect. To understand what one is planting is to know the effect of that planting .

## HEALING

As each of us approach the healing chair at the conclusion of meditation time in our services, we must have prepared ourselves...both mind and body...for the most wonderful experience of being healed by God directly, and indirectly, through the hands of the healer.

The fact is that, on a conscious level, everyone feels the need to be healed...to remove whatever restriction is currently preventing us from moving on with our life progression. We want life to be as it once was; to be RESTORED to familiar physical, emotional, mental and spiritual levels we have known before and to experience the outcomes we have perceived.

Let's reverse this order and begin with our spiritual area. All things originate with our Spirit. In reality, present is our ONLY time...no past. no future. Therefore, there really is no returning to who and what we were. We must DISCOVER who we are NOW and step into our new life. Once the spiritual portion is in Divine Order the mental, the emotional and the physical will also be in Divine Order.

Is the greatest need to heal? Healing takes courage to let go of who we are this second and what we view as our "problem" and to enter the wonderful unknown God has planned for us in order to experience our greater good. Our new creation is whole and free of illness and pain of all kinds...with new insights and beliefs.

The next time your body sits in a healing chair RELAX, RESPOND and breathe into the new creation you have discovered! God is our ONLY power!

Doris Cribb  
January 2002

Will and understanding are closely related. Understanding is comprehending the projections of our lives and will is putting those comprehensions into action. Will appeals to one's reason and is confirmed by one's observation. "I am that I am, I will be what I will to be."

Imagination is subjective. Will and understanding are objective and alert. Imagination is free from limits set by tradition and society. Will activates the harvest. The sensations of the body are mastered by understanding and will. The sensations of our body are the manifestation of our Understanding, Imagination and Will from our experiences. When we are having experiences, Understanding decides what is conceived, which is natural law. Those manifestations depended on what it decided. An example would be hardening of the arteries, which is created by a hard, dictatorial state of mind (hard thoughts). Hardness originates in the Will. To change this state, use more understanding.

Mind generates an energy that contacts the universal energy and causes the circumstances of an event to be in line with the attainment of an ideal. As ideas are attained each person knows their identity, which is unique. Understanding that doubt, fear, poverty, disease and death have existed through mind, then one makes changes. Knowing that a higher power is in and through one is a comfort. The will of God is that you will not suffer. Through I AM one has complete escape from sin, sickness and death. Sin, sickness, and death are not punishment willed by God. They are results (consequences) of broken law.

Understanding the laws is involved in change. Applying Understanding and Imagination to the change, Will propels Understanding and Imagination into action. The change is clothed (formed) by Faith.

The material world is the manifestation of ideas -- understanding this allows one to know what is being created. Understanding imagination helps interpret symbols. Symbols are experiences that one can relate to. This helps in the interpretation of psychic messages. Society has pushed imagination aside. How many times have you heard or said, "It is just your imagination?" Every time that we think, we are using our imagination. When you understand the mind power of imagination, you will chose to have thoughts that are positive and constructive. When you understand what you think, your creations have more power. Affirm daily, "My imagination is real!"

Dreams use the imagination faculty. Dreams are literal and symbolic. Dreams tell what is going on now, what is the past, and what is going to happen. Interpreting dreams will assist in the understanding of oneself. All that one has passed through has left its image in the subconscious. Having a more creative imagination enriches one's dreams and goals and quickens their manifestation. This means that people, places and things enhance the creativity of our imagination. It also tells us that the people, places and things in our life are like-minded.

Mother Father God which art within us Hallowed be I Am.  
 Ignite our understanding that we are eternal spiritual beings with the power to create happiness, health and wealth in our lives. Ignite our understanding that our choices belong to us and are the seeds that create our lives. Ignite forgiveness of self, as we ignite forgiveness of others. We give thanks for the power and the glory of I Am in all. Amen

Mother Father God who art in all things, hallowed be thy name. Thy kingdom come, thy will be done, in earth as it is in heaven. Give us this day our daily bread. Ignite in us forgiveness and understanding of ourselves, so that we may forgive and understand those that we meet. Being aware of our choices we create everlasting peace, love, and happiness. We give thanks for thy kingdom, power, and glory forever. Amen
